

I THANK YOU AGAIN

Marlon P.O.W. (Power Of Words)

*Oh Lord I ask that you would bless me indeed and enlarge my territory.
That Thy hand would be with me;
That you would protect me from evil and that I would cause no pain,*

*Gracias...Lord I thank you; for giving me breath to breathe,
So I can regulate my lungs and tongue to pray words like these. For sheezee*

*I'd like to thank you for my mother, my father my brother and my queen.
For holding me down surround-sound - for the love I mean.
I thank you for my daughters - Indigo, Skye, Navi and Cyann.
I thank you that I found my little man.
And, as I write this piece I'm holding one of my babies in my hand,
Thinking, "protect them from all the craziness in this land".
In advance, I give thanks for protection from the streets.
Because if you touch my girls I can't guarantee I'd turn the other cheek, call me weak.
Call me chief sinner in a beginning state of repentance,
But Lord thank you for letting me finish this sentence.
Lord I thank you!!*

CHORUS//

*And I thank you, and I thank you, and I thank you again!
Me never done- done never done done, never done done,done praying.
Father me love you and I thank you and I thank you again,
Because I trust you me never done done never done done pray!!!*

*Lord I thank you for my family tree.
You see I happen to be swimming from Trinidad, to Brooklyn to the Miami heat.
Thanks for my cousins from London to Atlanta;
Representing the red, black and white bandana; looking like a black Santa.
And I thank you for all the religions that remain spiritually provoked.
Realizing Father, Allah ain't no joke and I quote,*

*"My heart will sing to Thee and not be silent;
I will show Thee thanks forever" Psalms 30 verse 12 end quote.
And I thank you for your Son Jesus who died and rose
To shed our sins sort of like old water inside a hose – flow!
Thank you for giving Cousin Rose's heart a second chance.
Thank you for the journey with my Attorney, learning you got me out of a jam.*

CHORUS//

*And I thank you, and I thank you, and I thank you again!
Me never done- done never done done, never done done,done praying.
Father me love you and I thank you and I thank you again,
Because I trust you me never done done never done done pray!!!*

*Thank you for helping me pass those nursing boards
And avoid three fatal accidents, because I was not ready to meet the Lord.
That's 25 years with Uncle Sam, plus 3 wars –
That's 28 reasons to be thankful to avoid the kiss of Satan's jaws.
Lord I thank you for your boat rocking and cot blocking;
Lord I love you, need you, thank you, and I'm not stopping.
And, thanks for giving me the gift of writing and reciting poetry,
Name Power of Words the games - the P.O.W of Floetry.
Thank you for the poets and the poetry venues,
Taking the time to write lyrical innuendos.
Thank you for my granny, the first poet I seen recite
30 years ago up in church, now this spark has become light.*

CHORUS//

*And I thank you, and I thank you, and I thank you again!
Me never done- done never, done done, never done done,done praying.
Father me love you and I thank you and I thank you again,
Because I trust you me never done done never done done pray!!!*

*Thanks for my S.D.A; thanks for my square, compass and my G;
Thanks for my Phi Beta Sigma and my Z Phi B.*

*Yep!! Thanks for my fraternity and my sorority;
Cause thru them I met my wife, making life, blue-and-white love a priority.
Thank you for the majority of the alphas and the Cues;
Kappas, AKA's, Sigma, Deltas for the way they stomp the boots.
And an Iota to the military too;
I flew from Staff Sergeant in the green, to a Major in the blue.
Thanks to who? My alumni the "U" of Miami, to the Flo-mo, to the F.I., to the F.A.U.*

*Thanks to all my fellow registered nurses - underpaid overworked;
But the beauty is the duty, keeping your booty out of a hearse.
So thanks for placing me in the back of the ambulance,
So there's a chance that I can save them before the hospital if I can get there first.
So let the sirens blow!!
Miami-Dade fire rescue class 110!! and don't you know!.*

*That I thank you for making me sick and tired of being sick and tired,
Now that I pray every day it's like I'm wired.
Not to mention God's attention for the life extension,
Longer than the zeros at the end of my pension when I retire;
So thanks to you, thanks to me, thank you, Allah Elohim
For teaching the fundamental factors which makes the devil a liar.
Me never want to play with flame, but yet me choose to fight fire!
Thank you for showing me ways to live higher (higher) Father!!*

*Lord I can't thank you enough. You showed me mercy.
You should me grace. You showed me love.
dankeschön –Mercy - Muchas Gracias. Lord, just, good looking out. Thank YOU!*

CHORUS//[In background]
